

FEBRUARY PRAYER FOCUS

Pray for personal revival and a vision of his promises in our lives.

Pray the vision God provided during the week of fasting and prayer can be followed through by us in complete obedience to his will.

Pray that the spiritual revival and convictions we experienced would not be a fleeting moment, but a lasting change that continues to sanctify our lives.

Pray for specific opportunities to share the gospel with people in our lives.

Pray that the people we have been praying for would be spiritually ready and open to receive the gospel we share with them.

Pray that we would have boldness as we share the gospel in words and with our actions.

Pray that we would pour into deep friendships and love every person with the gospel at every meeting we have with them.

Pray for our church family and the accomplishment of God's mission here in the DMV area.

Pray that the church family would continue to be a city on a hill, a light in the darkness.

Pray that the church family would embrace their identity as missionaries in our workplaces, homes, and schools.

Pray that God would continue to grow his family as we serve people wholeheartedly with the gospel.
